## Lower limb and Foot

### X-Ray

## Interpretation For Prosthetists and

### Orthotists

**Thursday 9 October 2008**

baPo ltd  
BAPO Secretariat  
Sir James Clark Building  
Abbey Mill Business Centre  
Paisley  
PA1 1TJ

Tel: 0141 561 7217  
Fax: 0141 561 7218  
Email: morag@bapo.com

## Introduction

This course introduces the delegate to the mechanisms of injury and teaches how to differentiate between normal and abnormal X-rays. The day provides an excellent clinical compliment to in house established programmes and assumes legal and professional issues around ordering X-rays have been addressed locally.

## Aims

This course aims to;

Provide theoretical underpinning for a range of commonly encountered radiographs.

To strengthen consultation skills and X-ray interpretation for Allied Health Professionals.

## Learning Outcomes

By the end of this event the participant will be able to:

Identify normal and abnormal appearances of bone and soft tissue on X-rays.

## Intended Participants

The course is relevant to all clinicians involved in assessment and prescription of lower limb orthotics.

**This course is limited to a maximum number of 20 and is strictly first-come-first-served**

## Learning, Teaching and Assessment Strategy

The day will comprise of the following;

- Registration and outline
- X-ray referral and IRM/ER regulations
- Common X-ray requests including: osteomyelitis, calcified blood vessels, charcot joint
- Weight bearing views: including: true lateral of the hallux, axial for sesamoids
- Lower limb injuries
- X-ray interpretation workshop
- Legal and professional responsibility
- Evaluation and conclusion

All course participants will receive an attendance certificate at the conclusion of the course.

## Event Contributors

This course is being run MKN Update Ltd on behalf of BAPO.

The Tutor is Gail Jefferson,

Senior Lecturer /Advanced Practitioner for University of Cumbria

Radiographer for Carlisle Hospital

MSc Medical Image Interpretation

Qualified for 21 years

Reporting for over 10 years

Won the North West Radiographer of the year 2008

## Contact Information

To register for this event please complete the registration form and send it to the BAPO Secretariat or download form from Short Course CPD forum at [www.bapo.org](http://www.bapo.org) On registration you will be sent further information on the event together with travel directions, suggested accommodation and venue map.

Please note that:

- Places will be allocated on a first-come-first-served basis. Please apply early to avoid disappointment.
- Registration closes 10 working days before the date of the event; therefore you must ensure your registration form arrives at the Secretariat by this time.
- Employers wishing to book several places can do so by sending a purchase order or credit card details to the BAPO Secretariat. Please note than any unused places **MUST** be paid for in full.
- For registrations received 15 days or less before the event a late fee of £30 will be incurred.

We encourage orthotic personnel (Orthotists, Orthotic technicians, Orthotic assistants) to apply for reimbursement from the Orthotic Education and Training Trust.

Unable to attend the scheduled dates but interested in attending? Please complete the form overleaf indicating your interest in future dates.
